Annual Performance Appraisal Policy

Appraisal Policy

SDUAHER is committed to supporting every employee to reach their potential and achieve their personal goals, which in turn will assist the organisation to achieve its objectives.

The performance appraisal policy supports the performance appraisal scheme. The scheme is a formal process centred on an annual meeting of each employee and their supervising/reporting officer to discuss his/her work. The purpose of the meeting is to review the previous year's achievements and to set objectives for the following year. These should align individual employees' goals and objectives with organisational goals and objectives.

Core Principles of the Appraisal Policy

1. The appraisal process aims to improve the effectiveness of the organisation by contributing to achieving a well motivated and competent workforce.
2. Appraisal is an ongoing process with an annual formal meeting to review progress.
3. The appraisal discussion is a two way communication exercise to ensure that both the needs of the individual, and of the organisation are being met, and will be met in the next year.
4. The appraisal discussion will review the previous year's achievement, and will set an agreed Personal Development Plan for the coming year for each member of staff.
5. All directly employed employees who have completed their probationary period are required to participate in the appraisal process.
6. The appraisal process will be used to identify the individual's development needs and support the objectives of the Training and Development Policy.
7. All staff will receive appraisal training as an appraisee, and where appropriate as an appraiser.
8. The appraisal process will provide management with valuable data to assist succession planning.
9. The appraisal process will be a fair and equitable process in line with our Equality Policy.

Performance Appraisal Implementation

Performance appraisal discussions will be held on an annual basis. They will be arranged by the appraisee's supervising/reporting officer. The discussion will be held in private. Information shared during the appraisal will be shared only with senior management. The exception is training needs, that will be provided to the HR / administration for action. Confidentiality of appraisal will be respected.

The appraiser (usually the employee's supervising/reporting officer) will be expected to be familiar with the appraisee's work.

All appraisal documents should be issued to both parties prior to the discussion, in order to allow time for both parties to reflect and prepare. These will provide a framework and focus for the discussion.

A time and venue for the discussion will be advised at least one week before the meeting takes place.

The Appraisal Discussion

The appraisal discussion will allow an opportunity for both the appraisee, and the appraiser to reflect and comment on the previous year's achievements. It will praise achievement and encourage the appraisee in his/her role.

The appraiser is accountable for giving the employee constructive, timely and honest appraisals of their performance, which should take into account both the goals of the organisation and of the individual.

The discussion should be a positive dialogue, and will focus on assisting the appraisee to acquire the relevant knowledge, skills and competencies to perform his/her current role to the best of his/her abilities.

The annual performance appraisal forms will be completed and signed by both parties. The appraisee will be given the opportunity to note any comments that he/she does not agree with and complete a self assessment.

The appraisee and supervising/reporting officer should agree on a Personal Development plan for the appraisee for the following year. This will reflect the appraisee's aspirations and the organisation's requirements, and should align personal and organisational goals. The organisation and the supervising/reporting officer will support the individual to achieve these goals during the forthcoming year.

Any training needs, future training requirements, planned qualifications, development opportunities and career planning should be discussed in the light of the Personal Development Plan.

Training and Monitoring

Senior Management are responsible for the appraisal process, and he/she shall ensure that appraisers and appraisees are adequately equipped and trained to undertake the performance appraisal.
